

## **To70 supports Saab for Airport CDM consultancy services in Hong Kong**

In August 2016, To70 completed a contract with defence and security company Saab for providing Airport CDM consultancy services at Hong Kong International Airport (HKIA).

The contract contained support to Saab in operational workshops organised by HKIA and stakeholders, with the purpose to support implementation of Saab's Aerobahn turnkey Airport CDM solution.

The role of To70 was focused on consulting on the concept and procedures of Airport CDM. Senior Aviation Consultant Eugène Tuinstra was appointed to work with Saab's project team.

### ***About Saab***

Saab serves the global market with world-leading products, services and solutions from military defence to civil security. With operations on every continent, Saab continuously develops, adapts and improves new technology to meet customers' changing needs.

Saab's press release related to the Aerobahn implementation project in Hong Kong can be found [here](#).

### ***About To70***

To70 was founded in The Netherlands in 2000 and has since expanded with offices in Europe, Australia, Asia and Latin-America. Our clients include airports, airlines, governments and air navigation service providers. At to70 we believe that society's demand for transport and mobility can be met in a safe, efficient, environmentally friendly and economically viable manner. To achieve this, policy and business decisions have to be based on objective information. With our diverse team of specialists and generalists to70 provides pragmatic solutions and expert advice, based on high-quality data-driven analyses.
